SATURDAY 20TH JUNE

Assemble 11am George Square, Glasgow
March off 11.30am • Sing out at Kelvingrove Park from 12.30pm

Organised by Scotland's for Peace
scotland4peace.org

CUT TRIDENT NOT JOBS

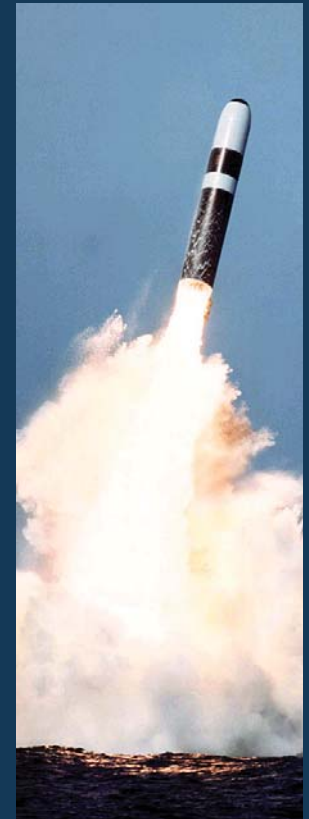

The government is now spending £2bn a year on Britain's Trident nuclear weapons system - almost twice as much as 5 years ago. And this at a time when our banks have collapsed and our economy is broken. Money spent on renewing Trident comes at the expense of schools, hospitals and housing. It is already cutting jobs and services across Scotland.

Across the world there is growing support for a global ban on nuclear weapons. Barack Obama shares this vision and is opposed to the development of new nuclear weapons. Why are we pushing ahead with new nuclear weapons at this time?

Trident - it's not a done deal.

What can YOU do?

- Write to your MP telling him/her you don't want Trident
- Join us on June 20th - assemble George Square, Glasgow at 11am.
- Organise a local meeting against Trident replacement - contact *Scotland's for Peace* for help with speakers, leaflets, posters etc.

Please contact me about future *Scotland's for Peace* activities
